(Daily activities and habits part 3)

Howdy سلام folks!

I would like to tell you a little bit more بیشتر یکم about my daily activities and habits.

At 10:00, I grab a quick snack ته بندی میکنم.

At 1:00 sharp, I go to the cafeteria غذاخوری to eat lunch.

Honestly speaking, every now and then although I am چندانگاهی، I am on a diet, I pig out پرخوری میکنم.

Then I get back برمیگردم to my office، سپس.

I attend and hold برگزار میکنم a lot of meetings and conferences.

I usually make a speech about the company's long and short-term goals.

My colleagues همکاران and I discuss staffers' salary حقوق ماهیانه، perks مزایای کاری، contracts قراردادها، the cost هزینه of projects، etc و غیره.

After that, I head to the gym باشگاه and work out تمرین میکنم for half an hour.

I get back home at 6 p.m sharp.

On the way back home متأسفانه، تو مسیر برگشت به خونه، unfortunately I am almost always stuck in heavy traffic.

To be continued....! Ciao!
