By day در طول روز, It has a population جمعیت of more than 13 million, including شامل commuters تا میکنن. برون سر کارشون.

By night شب ها, it has a population of, say ۹ million.

Tehran lies قرار داره at the foot of Mount Alborz.

It has a hot and dry climate اقلیم.

There are many landmarks مکانهای برجسته in the capital, for instance برای مثال, the Azadi tower برج, Milad tower, Golestan palace کاخ, Dizin skiing resort پیست اسکی, and the Grand Bazaar بازار بزرگ, etc.
